Upgrades to Tee Alley and Church Street

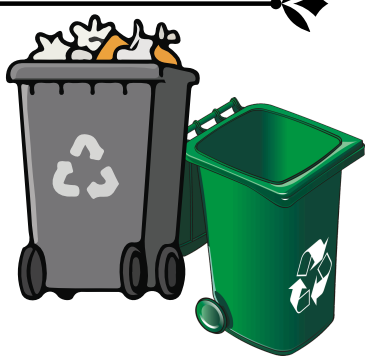

We're excited to announce that Atglen Borough applied for and received a grant through the Chester County Revitalization Program to fund repairs and upgrades along Tee Alley and Church Street. Construction began in February and will last through the Spring. The $420,706 grant will be used to replace and relocate 400' of deteriorating stormwater pipe and replace 425' of public water main. Finally, we will do road base repairs and paving of the 300 block of Church Street from Main Street to Chester Street and the 300 block of Tee Alley from Church Street to Dallas Street. Tee Alley between Dallas Street and Valley Avenue will receive a new overlay. We apologize for any hiccups along the way and are grateful for your patience and cooperation. If you have any questions please call Borough Hall.

Spring is right around the corner...THANKFULLY! We want to keep the Borough looking its best. Please check your trash toters for any breakage to ensure trash doesn't find its way in our yards and streets! We would be glad to get you a new one!
